4. POLICY

The corporate records of Sylph Technologies Ltd. are important assets.

Corporate records include essentially all records, whether paper or in electronic form. A record may be in the form of a memorandum, an e-mail, a contract or a case study and includes computerized desk calendar, an appointment book or an expense record etc. The law requires the Company to maintain certain types of corporate records either permanently or for a specified period of time. Failure to retain the records could subject the employees and the Company to penalties and fines, cause the loss of rights, obstruct justice, adversely impact potential

evidence in a lawsuit, place the Company in contempt of court, or seriously disadvantage the Company in litigation.

The Company expects all employees to fully comply with this Policy, provided that all employees should note the following general exception to any stated destruction schedule:

If an employee has reasons to believe, or the Company informs the employee concerned, that Company records are relevant to litigation or potential litigation (i.e., a dispute that could result in litigation), then the employee must preserve those records until the Legal or Respective Department determines that the records are no longer needed. This exception supersedes any previously or subsequently established destruction schedule for those records. If an employee(s) believe that exception may apply, or has any question regarding the possible applicability of that exception, he/she may contact the Head of his Department.

The Company, from time to time establishes retention or destruction policies or schedules for specific categories of records in order to ensure legal compliance, and also to accomplish other objectives, such as preserving intellectual property. While minimum retention periods are suggested, the retention of the documents identified in those schedules and of documents not included in the identified categories should be determined by the Head of the Department, primarily by the application of the general guidelines affecting document retention identified above, as well as any other pertinent factors.
